GUIDE TO TOOLROOM PRODUCTS

All the little things
that keep the
big things running.

SHIM STOCK

Steel, Brass, 302 & 316 Stainless steel, Plastic color coded, Copper, Aluminum, Blue Temper. Precision Brand’s **branded shim** stock is available in a variety of sizes and thicknesses. It is the only shim material with the thickness, material type and lot number printed right on the material. The only truly traceable product on the market.

PUNCH AND DIE SETS

Perfect shims in seconds...only with Precision Brand’s Tru-Punch, available in both metric and decimal sizes. See for yourself and watch the video on our website.

MAINTENANCE KITS

Our maintenance kit product line consists of 29 handy assortments consumed daily by craftsmen worldwide.

KEYSTOCK

Keep the gears turning with keystock from Precision Brand Products. We have sizes, shapes, and materials to fit all keyways including step keys square, rectangular, 12” and meter lengths.

MUSIC WIRE

Precision Brand music wire is available in carbon steel and stainless steel in 1/4 and one pound coils and in straightened and cut lengths on special order.

BLACKENERS (TOOL BLACK)

Precision Brand’s tool black is a cold process that applies a black oxide finish to ferrous metal parts without changing dimensions. It is available in both liquid and gel. Watch it on the PBP website.

CONSTRUCTION SHIMS

We have a complete line of shims for building construction. These shims are used by contractors in the installation of windows, curtain walls and commercial prefab concrete walls.

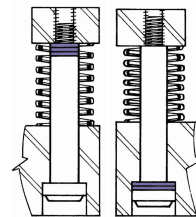

HOSE CLAMPS

Our clamps conform to the all the U.S. standards. Precision Brand has a clamp for every application. We have the most popular standard series clamps for general use and the heavier duty 9/16 band clamps. The 316 stainless steel clamps for high corrosion environments, Military all stainless, collard screw, smooth band for silicone hoses and our create-a-clamp popular in the roofing industry and quick release clamps.

TOOL WRAP

Tool wrap also known as heat treating foil is available in Type 321 in 50 and 100 ft. rolls and high temp type 309 50 x 100 ft. rolls, 10”, 12”, 20”, 24” widths. Also our unique tool wrap sheets are designed for bench top furnaces. The 12”x24” sheets reduce waste and are a money saving alternative to large rolls.

LENGTHENING AND SHORTENING STRIPPER BOLT SHIMS

Our stripper bolt shims (adjust the length) lengthen or shorten the length of stripper bolts without compromising the integrity of the bolt. Watch the video on our website.

ARBOR SPACERS AND SHIMS

Adjust cutters on milling machines, cutting knives, spacing on tooling with these shims and spacers. Choose from Steel, color coded plastic and Stainless steel in diameters from 1/4 inch to 2 inches. Custom diameters available.

WEDGIES

Stackable wedge shaped shims are ideal for installations, adjustments, and general maintenance. Interlocking horizontal and vertical ridges keep shims in place and allow for small, precise adjustments. Made from thermoplastic polymer, they won’t break down, shrink or swell.

SLOTTED SHIM

Precision Alignments require Precision Brand slotted shims! With the industry’s tightest tolerance, our shims are available in both metric and decimal thicknesses. Our Up-Tower shims are designed to address the safety concerns encountered when working at extreme heights. Plus Sof Shoe Shims are designed to “cure” angular soft foot.

FEELER GAGE

We have a feeler gage for every application. From traditional steel to stainless steel, brass, plastic color coded, They are available in a variety of sizes and assortments.

UNICOIL

Unicoil makes hoses obey. These stainless steel coil keeps hoses directed where they belong and prevents kinking in tight applications. See for yourself and watch the video on our website.

DIE BUTTON SHIMS

Quickly adjust the height of sharpened die buttons with these precut shims available in decimal and metric sizes.

Precision Brand Custom Shims

Precision Brand Products, Inc. is a leading producer of custom shims. We have the resources and technology to fabricate shims for the most exacting and intricate applications. Our extensive inventories of “in-stock” raw materials – that exceed industry thickness tolerances – ensure a fast, economic turnaround. Our meticulous attention to quality guarantees that the specifications, chemistry, and hardness of your shim will be accurate. When speed and accuracy count...count on Precision Brand Products, Inc.
